## Dr Israr Ahmed Books In Urdu Pdf ^HOT^ Download

dr. israr ahmad's books are extremely valuable in our fight to establish the khilafat. the two major flaws in his book are: first & foremost, he puts the blame on the bad people & persons instead of the unbelievers, & does not mention the infidels who are the worst of the people. he does not mention the main problem of the unbelievers, which is the refusal to work for the establishment of the khilafat. (if the bad people were to be replaced, i.e if the unbelievers were replaced, the whole trouble would be over. because all the people would have to cooperate & work to establish the khilafat, instead of joining a purely defensive fight. however, the fact remains that the need of the hour is a strong & clear call for the establishment of the khilafat. the people of pakistan are not blind, & are aware that the khilafat is the only solution to the pakistan problem. the unbelievers should be made to work for the establishment of the khilafat. otherwise, the khalifa is our only & best option. (ai2 comments: see more on dr. israr ahmeds explanations on why the bad people should be replaced in his book & in the following paragraph.) second & most importantly, he says that we should not do any jihad against the bad people, because that would be a battle of unbelievers & unbelievers might win. but we are waging a battle against the infidels who are the worst of the people, & who are the strongest of the fighting force against the establishment of the khilafat. the infidels should be killed & the bad people should be replaced. if the unbelievers are replaced, the whole problem will be over. and we should not fight with the unbelievers, because they might win. (ai2 comments: please see ai2 & ai2's articles on killing the unbelievers & initiating jihadi activities.)
